

Spinal Elements® Announces New Chairman of the Board

Carlsbad, CA – January 14, 2019 - Spinal Elements, a Carlsbad, California-based spine technology company, today announced that spine industry veteran Steve Healy has been named Chairman of the Board of Directors, effective as of January 1, 2019. Mr. Healy joined Spinal Elements' board in May 2018.

Steve Healy brings a wealth of experience to Spinal Elements. He has served as General Manager of Zimmer Biomet, President of Zimmer Spine, President and CEO of Disc Dynamics, and President of the Heart Valve Division of St. Jude Medical. Furthermore, Mr. Healy is currently a board member of Peytant Solutions and Bioventrix, additionally serving as Chairman of the latter.

"This is an exciting time at Spinal Elements as we continuously strengthen the talent of the people driving our success at every level," commented Jason Blain, President and CEO of Spinal Elements. "We are fortunate to have Steve's level of experience in the Chairman role. 2019 promises to be our biggest and best year yet based on our growth trajectory and ground-breaking products launching."

"I am honored and thrilled to take on the role of Chairman," said Healy. "I have known Spinal Elements for a number of years, and they have always impressed me as one of the most innovative companies in spine. I am delighted to help lead this company into a new era as we position ourselves for future growth."

About Spinal Elements

Spinal Elements is a technology-driven company headquartered in Carlsbad, CA. A leading designer, developer, manufacturer and marketer of innovative medical devices used in spinal surgical procedures, our mission is to combine leading medical device technologies, biologics and instrumentation to create positive surgical outcomes that exceed surgeon and patient expectations.
